

## **You Will Find A Story There(ms version)**

### **V.1**

You may think they don't say much  
    But if you look close enough  
You will find a story there  
    It can make you stop and stare

Does the carving of a leaf  
    take you back to ancient Greece?  
Will a window or a door  
    Be the clue you're looking for?

### **CHORUS**

You will find new pleasures  
    In your powers to observe  
And you may see some treasures  
    That we really should preserve

### **V.2**

Do you like the **Gothic** take?  
    Ornaments that look like lace  
How's about the **Beaux Arts** taste?  
    Just like fancy wedding cakes

You may like **Art Deco's** mixture  
    King Kong climbed one in the picture!  
Or find a **Georgian** townhouse fab  
    Pull up in your hansom cab!

### **CHORUS**

### **V.3**

Want to be an expert quick?  
    Name that style, it's your pick  
Telling **Dutch** from **Romanesque**  
    Is a skill that *does* impress

If you like the story-side  
    Myths and monsters do abide  
You don't need a 'Hogwarts School'  
    To find griffins that are cool
